## **Histology: A Text and Atlas** Michael H. Ross, Wojciech Pawlina

Now in its revised, updated Sixth Edition, this best-selling text and atlas is ideal for medical, health professions, and undergraduate biology students. It combines a detailed textbook that emphasizes clinical and functional correlates of histology with a superbly illustrated atlas featuring large-size, full-color digital micrographs, with labels and legends that highlight details of microanatomy.

For this edition, approximately 20 percent of the micrographs have been replaced with newly enhanced, sharper images. One third of the illustrations have been redrawn in a new style.
