Internalize the Strategies

You have the Manhattan Prep LSAT Logic Games Strategy Guide and you're ready for the next step. Logically, you will want to internalize the strategies presented in the guide through targeted practice. Unfortunately, LSAT PrepTests (previously administered exams) do not facilitate this type of practice, as individual Logic Games sections are comprised of multiple game types. Cambridge LSAT has the answer. In collaboration with Manhattan Prep, we have grouped all the Logic Games from PrepTests 21–40 according to their classification system. Now, you can supplement the example games in the Manhattan book with the more robust game sets in this workbook.
