The Way of Torah: An Introduction to Judaism (Religious Life in History Series) Jacob Neusner

This classic text from one of the leading Judaic scholars today, THE WAY OF THE TORAH introduces students to Judaism via a three-pronged examination of its history, its scriptures, and its practices. Neusner first defines Judaism across time, showing its changes and development. He then introduces students to the classic texts of Judaism, the Hebrew Bible, and beyond. Finally, the Torah and Judaism are presented in their living contexts. It is the only interpretive work that addresses Judaism within the context of religious studies in general as opposed to the many other texts that use an historical or scriptural approach exclusively.
