Genesis of the Grail Kings: The Explosive Story of Genetic Cloning and the Ancient Bloodline of Jesus

Laurence Gardner

From beneath the windswept sands of ancient Mesopotamia comes the documented legacy of the creation chamber of the heavenly Anunnaki. Here is the story of the clinical cloning of Adam and Eve, which predates Bible scripture by more than 2,000 years.

From cuneiform texts, cylinder seals, and suppressed archives, best-selling historian and distinguished genealogist Laurence Gardner tells the ultimate story of the alchemical bloodline of the Holy Grail, including:

- Hidden secrets of the Tables of Testimony
- Anti-gravitational science of the pyramid pharaohs
- A history of God and the lords of eternity
- Disclosures of the Phoenix and the Philosophers' Stone
- The superconductive powers of monatomic gold
- A genetic key to the evolutionary Missing Link
- Active longevity and the Star Fire magic of Eden
