Cultures and Organizations, Software of the Mind: Intercultural Cooperation and its Importance for Survival Geert Hofstede

Despite calls for better co-operation between countries and different cultures, there is still confrontation between people, groups and nations. But at the same time they are exposed to common problems which demand co-operation for the solution of these problems. Cultures and Organizations helps to understand the differences in the way strategists and their followers think, offering practical solutions for those in business to help solve conflict between different groups.
