How to Design Questions and Tasks to Assess Student Thinking Susan M. Brookhart

With new standards emphasizing higher-order thinking skills, students will have to demonstrate their ability to do far more than simply remember facts and procedures. But what's the best way for teachers to ensure that students have such skills? In this highly accessible guide, author Susan M. Brookhart shows how to do just that, by providing specific guidelines for designing targeted questions and tasks that align with standards and assess students' ability to think at higher levels.

Aided by dozens of examples across grade levels and subject areas, readers will learn how to

- * Take a student perspective and view assessment questions and tasks as "problems to solve."
- * Design multiple-choice questions that require higher-order thinking.
- * Understand the difference between "open" and "closed" questions and how to use open questions effectively.
- * Vary and control the features of performance assessment tasks, including cognitive level and difficulty, to target different thinking skills.
- * Manage the assessment of higher-order thinking within the larger context of teaching and learning.

Brookhart also provides an "idea bank" that teachers can use to jump-start their own thinking as they create assessments.

Timely and practical, *How to Design Questions and Tasks to Assess Student Thinking* is essential reading for 21st century teachers who want their students to excel in the classroom and beyond.

From reader reviews:

Tom Seaman:

Spent a free a chance to be fun activity to perform! A lot of people spent their spare time with their family, or their own friends. Usually they undertaking activity like watching television, about to beach, or picnic inside park. They actually doing ditto every week. Do you feel it? Would you like to something different to fill your personal free time/ holiday? Can be reading a book could be option to fill your free time/ holiday. The first thing that you'll ask may be what kinds of reserve that you should read. If you want to consider look for book, may be the reserve untitled How to Design Questions and Tasks to Assess Student Thinking can be very good book to read. May be it could be best activity to you.

Leon Fisher:

It is possible to spend your free time you just read this book this guide. This How to Design Questions and Tasks to Assess Student Thinking is simple to bring you can read it in the park your car, in the beach, train and also soon. If you did not have got much space to bring the printed book, you can buy the actual e-book. It is make you simpler to read it. You can save typically the book in your smart phone. And so there are a lot of benefits that you will get when one buys this book.

Nellie Nelson:

As a university student exactly feel bored to help reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just very little students that has reading's spirit or real their passion. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that looking at is not important, boring along with can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this How to Design Questions and Tasks to Assess Student Thinking can make you experience more interested to read.

Thomas Rice:

What is your hobby? Have you heard that question when you got students? We believe that that question was given by teacher for their students. Many kinds of hobby, Everyone has different hobby. And also you know that little person just like reading or as looking at become their hobby. You should know that reading is very important in addition to book as to be the issue. Book is important thing to incorporate you knowledge, except your current teacher or lecturer. You will find good news or update with regards to something by book. A substantial number of sorts of books that can you choose to adopt be your object. One of them is niagra How to Design Questions and Tasks to Assess Student Thinking.
