The Alpha and Omega Timeline Dawid Van Rensburg

We are moving through time. We are on a timeline. The timeline was created by a Super Extraterrestrial. The timeline started at Alpha, when humans were first planted on planet earth. The timeline will end at Omega, at the close of human history. It is the Alpha and Omega time line. The Extraterrestrial has total control over Alpha and Omega, but for the most part, He has left the remainder of the timeline under the control of the humans. Although the humans control most of the time line linking Alpha to Omega, they are not infallible and continually disrupt the timeline. Due to this continual disruption of the timeline, extraterrestrials must constantly monitor and make adjustments to keep the timeline on course toward the already predestined Omega. We know that it is theoretically possible to move up and down the timeline--from its beginning, to the present, and even into the future. By starting at Alpha (the beginning) and ending at Omega (the end), we will explore particular sections of the timeline. In this book, we will visit some of the past, some of the present, and some of the future. Some think the future looks great. Others say it is not looking too good. Want to know what is coming on the timeline? Read Dawid Van Rensburg's reveling book THE ALPHA AND OMEGA TIMELINE. Then you decide. This is NOT science fiction.
