"What must it be like, I wonder, to live in a world where food appears at the press of a button? How would I spend the hours I now commit to combing the woods for sustenance if it were so easy to come by?" -- Katniss Everdeen, *The Hunger Games*

The Hunger Games trilogy captivates its audience through a storyline dominated by the quest for food, with the vast culinary disparity between the impoverished districts and the opulent Capitol taking center stage. For the Hunger Games characters, food is both a weapon and an act of love, and -- as in today's world -- it is essential to survival. Fortunately, most of us inhabit a more prosperous world than the Hunger Games tributes, one where food can appear with the press of a button.
