Full Spectrum Dominance: Totalitarian Democracy in the New World Order F. William Engdahl

For the faction that controls the Pentagon, the military industry and the oil industry, the Cold War never ended. It went on 'below the radar' creating a global network of bases and conflicts to advance their long-term goal of Full Spectrum Dominance, the total control of the planet: land, sea, air, space, outer space and cyberspace. Their methods included control of propaganda, use of NGOs for regime change, Color Revolutions to advance NATO east, and a vast array of psychological and economic warfare techniques, a Revolution in Military Affairs as they termed it. The events of September 11, 2001 would allow an American President to declare a war on an enemy who was everywhere and nowhere, who justified a Patriot Act that destroyed that very freedom in the name of the new worldwide War on Terror. This book gives a disturbing look at that strategy of Full Spectrum Dominance.
