Life of Thomas Jefferson, With Selections from the Most Valuable Portions of His Voluminous and Unrivalled Private Correspondence: By B. L, Rayner (Classic Reprint) B. L. Rayner

The materials for this volume are principally derived from the posthumous works of Mr Jefferson himself. These works were received with extraordinary approbation by one great portion of the public, as was the case indeed with every thing which ever came from that remarkable man; and by another considerable portion, with a corresponding degree of dissatisfaction, always to be expected from the well known opinions of the Author on certain fundamental points, upon which a strongly marked division of public sentiment has prevailed, since the foundation of the federal government. These works extend through four large octavo volumes, of about 500 pages each ;nearly the whole of which is occupied with the Correspondence of the A uthor, public and private. And taken as a whole, it corfprises the richest auto-biographical deposit, and one of the most valuable publications ever presented to the world. It is written in a style of unrivalled felicity ;and supplies the record of many important transactions connected with our government, of which no authentic memorials had been preserved.
