*Andre Bazin*

## **Bazin at Work: Major Essays and Reviews From the Forties and Fifties** Andre Bazin

Bazin's impact on film art, as theorist and critic, is considered to be greater than that of any single director, actor, or producer. He is credited with almost single-handedly establishing the study of film as an accepted intellectual pursuit, as well as with being the spiritual father of the French New Wave. ***Bazin at Work*** is the first English collection of disparate Bazin writings since the appearance of the second volume of *What Is Cinema?* in 1971. It includes work from *Cahiers le cinema* (which he founded and which is the most influential single critical periodical in the history of the cinema) and *Esprit*. He addresses filmmakers including Rossellini, Eisenstein, Pagnol, and Capra and well-known films including *La Strada*, *Citizen Kane*, *Scarface*, and *The Bridge on the River Kwai*.
