The premier authority on secured transactions, *Secured Transactions: A Systems Approach* is known for its cutting edge coverage, dynamic pedagogy, and ease of use for instructors. The Systems Approach gives students the big picture. Straightforward explanations and cases prepare the students to solve real-life problems in the context of actual transactions. A modular structure allows for tremendous flexibility in course design. The materials are divided into bite-sized Assignments, making it easier for instructors to make and adjust assignments for class. This problem-based casebook supports the teaching of Article 9 alone or expansion of the course to include Article 9 in the full context of bankruptcy, mortgages, judicial liens, and statutory liens. A comprehensive Teachers Manual provides the guidance new teachers need to succeed in teaching secured transactions.
