The Case for a Creator Student Edition: A Journalist Investigates Scientific Evidence That Points Toward God Lee Strobel

In *The Case for a Creator—Student Edition*, best-selling author and former atheist Lee Strobel and popular writer Jane Vogel take younger readers on a remarkable investigation into the origin of the universe, interviewing many of the world's most renowned scientists and following the evidence wherever it leads.

Their findings—presented in the third blockbuster “Case” book student edition—offer the most compelling scientific proof ever for intelligent design. Perfect for youth groups and young people eager to rebut the Darwinian and naturalistic views taught so commonly in schools.
