**Walking on Holy Ground: With Persons Suffering From The Alzheimer's Disease** Dr Antoinette Pinto-Sequeira

Walking On Holy Ground With Persons Suffering From The Alzheimer's Disease explores the sacredness of the Alzheimer's patients as well as draws the attention of clergy and laymen alike to acknowledge the sanctity of ministering to those suffering with the Alzheimer's disease. It is important to recognize the sacredness of 'man' and as such to value his human dignity. We must respect and revere everyone we encounter daily, irrespective of health conditions and their caste, color or creed. This maxim of reverencing the sacredness in all persons is the crux of this book. This book will help you to minister fruitfully to the Alzheimer's patients and to address their yearning for God and simultaneously provide them with spiritual sustenance. This book will undergird the prevalent traditional cognitive pastoral care ministry and help to appropriately meet the spiritual need of these non-cognitive patients.
