**Captivate, Activate, and Invigorate the Student Brain in Science and Math, Grades 6-12** John T. (Taylor) Almarode, Ann M. (Marie) Miller

*Banish boredom once and for all!*

If your STEM lessons are falling on disinterested ears, mix things up with engaging, brain-based science and math strategies that *captivate* students' attention, *activate* prior knowledge, and *invigorate* interest. Blending current research on the student brain with practical methods for teaching science and math, Almarode and Miller identify six essential "ingredients" in a recipe for student success. You'll discover:

- A customizable framework you can use right away
- Classroom-ready, content-specific attention grabbers
- Overt and covert strategies to boost behavioral, emotional, and cognitive engagement
- Techniques for making relevant connections that maximize retention
