## **Minute Of Angle D A Robb**

Three high-profile assassinations in three weeks. All three victims nationally known right-wing zealots. All killed by difficult long-range rifle shots thousands of miles from each other. IT Security Consultant and former Army Special Forces detachment commander Ryan Sterling is in close proximity to each murder while travelling on business. Is it just an exquisite coincidence? Or, is he being framed for the murders? Or, is the killer simply taunting him? Going to law enforcement with his story could expose him to publicity he doesn't need or want. Besides, who would believe that he just happened to be close to each murder especially considering his history with one of the victims and his proficiency with a sniper rifle? Sterling has no choice but to set out on his own to solve the murders. With the help of an old Army buddy and his business associate, Maren, a beautiful, skilled hacker Sterling lures the killer into a trap with a surprising twist. Murder, high technology and love are all woven together in this suspenseful tale.
