Gain a strong understanding of IT project management as you learn to apply today's most effective project management tools and techniques with the unique approach found in INFORMATION TECHNOLOGY PROJECT MANAGEMENT, 8E. This book emphasizes the latest developments and skills to help you prepare for the Project Management Professional (PMP) or Certified Associate in Project Management (CAPM) exams. While this edition reflect content from the latest the PMBOK Guide, it goes well beyond the Guide to provide a meaningful context for project management. Hundreds of timely examples highlight IT projects, while quick quizzes, discussion questions, exercises, and ongoing cases reinforce your learning. Time-saving template files assist in completing tasks. Examples from familiar companies featured in today's news, an Agile case, MindView software, and a guide to using Microsoft Project 2013 help you master IT project management skills that are marketable around the globe.
