Discover Myth

"There's no one quite like Joseph Campbell. He knows the vast sweep of man's panoramic past as few men have ever known it." --The Village Voice

Joseph Campbell famously compared mythology to a kangaroo pouch for the human mind and spirit: "a womb with a view." In *Myths to Live By*, he examines all of the ways in which myth supports and guides us, giving our lives meaning. Love and war, science and religion, East and West, inner space and outer space — Campbell shows how the myths we live by can reconcile all of these pairs of opposites and bring a sense of the whole.

This classic has been newly illustrated and annotated in its first new edition since its original publication, which also marks the first ebook in the *Collected Works of Joseph Campbell* series. In the tradition of *The Power of Myth* and *Pathways to Bliss*, *Myths to Live By* remains one of Joseph Campbell's most enduring, popular, and accessible works.
