## Jesus Only Churches E. Calvin Beisner

Unlike Jehovah's Witnesses, who deny the Trinity by demoting Jesus to a mere man, the "Jesus Only" churches deny the Trinity by claiming that there is only one God, and that Jesus is the Father and the Holy Spirit. "Jesus Only" churches not only require baptism for salvation, but also stipulate that it must be baptism in the name of the Lord Jesus Christ only, and not in the name of the Father, the son, and the Holy Spirit. Thus, these churches distort the gospel and the historic, orthodox understanding of Jesus. Why this series? This is an age when countless groups and movements, old and new, mark the religious landscape in our culture, leaving many people confused or uncertain in their search for spiritual truth and meaning. Because you may not have the time or opportunity to research these movements fully, these books provide essential and reliable information and insights for their spiritual journeys. The second wave of books in this series addresses a broad range of spiritual beliefs, from non-Trinitarian Christian sects to witchcraft and neo-paganism to classic non-Christian religions such as Buddhism and Hinduism. All books but the summary volume, Truth and Error, contain five sections: -A concise introduction to the group being surveyed -An overview of the group's theology — in its own words -Tips for witnessing effectively to members of the group -A bibliography with sources for further study -A comparison chart that shows the essential differences between biblical Christianity and the group -Truth and Error, the last book in the series, consists of parallel doctrinal charts compiled from all the other volumes. Three distinctives make this series especially useful to readers: -Information is carefully distilled to bring out truly essential points, rather than requiring readers to sift their way through a sea of secondary details. -Information is presented in a clear, easy-to-follow outline form with "menu bar" running heads. This format greatly assists the reader in quickly locating topics and details of interest. -Each book meets the needs and skill levels of both nontechnical and technical readers, providing an elementary level of refutation and progressing to a more advanced level using arguments based on the biblical text. The writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood.
