U.S. Department of Defense

Russia, Iran, and the Nuclear Question: The Putin Record U.S. Department of Defense

The author analyzes the Russo-Iranian relationship through the spring of 2006. This issue is vitally important in U.S. foreign policy, not just as it relates to Iran and the overall issue of nonproliferation, especially in the Middle East, but also as U.S. foreign policy pertains to relations with Moscow. Thus this monograph should also be read in light of the current crisis with Iran and bearing in mind the dimensions of Iranian proliferation and the issues surrounding it. At the same time, the numerous challenges to regional security in the Middle East, and the addition of great power rivalry to that list, further aggravate Middle East instability and make the search for peace that much more difficult. Consequently, the Russo-American dimension of the Iranian crisis adds to the complexity of the myriad issues and regional challenges to security, and the enduring difficulties in the Russo-American relationship.
