Green Eyed Monster - the name for jealousy, but also the name of a magical necklace that guarantees a happily ever after ending. Join 3 unlikely couples as their lives are drawn together by this magic: Carrie was the best friend of the beauty queen. She never had any male see her in hiding the shadows of her friend. Only Micah saw her as the woman she wanted to be. Tommi wore greasy overalls and had oil under her fingernails from her work in the garage. No one looked at the woman underneath. Race-car driver Carl Rockman saw her as a woman and a mechanic, but could he peel the callouses off her heart? Kelly was an extraordinary baker, but a plain and plump looking girl. Could her boss, Scott, an ex-fashion model convince her that looks are not all there is to love? In this world, though few people know it, magic does exist. That does not mean that all the myths and legends are true; but some are. One type of magic that is real is the magic of true love. But even true love sometimes needs some help. Sometimes people's envy and self image is so powerful that they are blind to love. For those people there is the Green Eyed Monster necklace: The necklace has a thin, but strong, silver chain and a marquis cut green stone set sideways in an oval of white diamond chips. There are dark chips around the inner setting radiating outward in a long and extremely thin sunburst pattern. At a distance the necklace looks like a green eye with black eyelashes. It is called the lovers necklace because it is always given to the love of someone's life (even though people usually do not know it). The necklace is rumored to have been owned by Napoleon and Josephine, Queen Victoria and Albert, Humphrey Bogart and Lauren Bacall and many more. The necklace always finds its way into the hands of the people when they are truly single, but within days they end up giving it to the love of their life. It is also called the green-eyed monster because the love that the couple shares often makes them very possessive of each other. The necklace doesn't have to have any measurable magic. It is always found in a used good store and somehow gets lost after the couple is happily united. The magick may just be a legend or a coincidence, but it does often seem to somehow happen that a single man ends up with it gives it to someone and they end up as lovers... and more.
