Images of Organization Gareth Morgan

Since its first publication over twenty years ago, **Images of Organization** has become a classic in the canon of management literature. The book is based on a very simple premise?that all theories of organization and management are based on implicit images or metaphors that stretch our imagination in a way that can create powerful insights, but at the risk of distortion. Gareth Morgan provides a rich and comprehensive resource for exploring the complexity of modern organizations internationally, translating leading-edge theory into leading-edge practice.
