Rich Dad's Guide to Becoming Rich Without Cutting Up Your Credit Cards: Turn "Bad Debt" into "Good Debt" Robert T. Kiyosaki

There are “financial experts” who advise people to take out their credit cards and cut them up. And that may be a good plan for someone who is financially irresponsible, it’s not great advice for someone who wants to build wealth and become financially free. Cutting up your credit cards won’t make you rich; learning to leverage and manage debt will.

If a person has a solid financial education they will know that there are two kinds of debt: good debt and bad debt. A person who understands debt will know how to use good debt to make them richer faster. And when we take control and learn to manage bad debt, seeing it for what it is and understanding the toll it can take if abused, we are on the road to financial freedom.

Learn how to make your money work hard for you... instead of you working hard for money all your life. Understanding debt and how to use and leverage it is an important first step.
