Routledge Handbook of Islam in the West

Routledge Handbook of Islam in the West

Islam has long been a part of the West in terms of religion, culture, politics and society. Discussing this interaction from al-Andalus to the present, this *Handbook* explores the influence Islam has had, and continues to exert; particularly its impact on host societies, culture and politics.

Highlighting specific themes and topics in history and culture, chapters cover:

- European paradigms
- Muslims in the Americas
- Cultural interactions
- Islamic cultural contributions to the Western world
- Western contributions to Islam

Providing a sound historical background, from which a nuanced overview of Islam and Western society can be built, the *Routledge Handbook of Islam in the West* brings to the fore specific themes and topics that have generated both reciprocal influence, and conflict.

Presenting readers with a range of perspectives from scholars based in Europe, the US, and the Middle East, this *Handbook* challenges perceptions on both western and Muslim sides and will be an invaluable resource for policymakers and academics with an interest in the History of Islam, Religion and the contemporary relationship between Islam and the West.
