Power of the Magdalene Joanna Prentis, Stuart Wilson

The long-awaited, compelling sequel of the best-selling book *The Essenes - Children of the Light*. What is the secret of Mary Magdalene's power? Who were the female disciples of Jeshua? Did Jeshua and Mary Magdalene have a child? How can we understand the New Children now being born? What changes will the New Consciousness bring into our lives? This is the story of the Essenes and the female disciples of Jeshua who were deliberately marginalised and written out of the record. This book focuses on the partnership of Jeshua and Mary Magdalene, and culminates in the work of the Crystal Children who are just now being born. This fascinating story was revealed through the process of past life regression and through the insight of an angelic being called Alariel. This is the inner history of our planet as it has never been told before. A narrative to inspire the spirit and warm the heart.
