Psychology: The Science of Behavior (7th Edition) Neil R. Carlson, Harold L. Miller Jr., Donald S. Heth, John W. Donahoe, G. Neil Martin

A rigorous biological and evolutionary approach to introductory psychology text written by an international team of authors.

Based on the connections between behavior and its biological underpinnings, *Psychology: The Science of Behavior* presents psychological behavior in the context of its *adaptive significance*. The Seventh Edition again combines a scholarly survey of research with real-world applications of research results to problems that confront us today. The authors apply the discovery method to take students inside the research process to foster a critical understanding of the logic and significance of empirical findings.
